

Newsletter June 2018

Dear Members,

The CEB-BEC is pleased to send you its latest newsletter.

At the last meeting of study committees 59 and 61, the chair was transferred to Mr. Frank Vancoppenolle. The CEB-BEC would like to thank Mr. Christian Maes who spent years, as chairman, to help coordinate the work at the Belgian level. The CEB-BEC wishes him success in his new task as consultant for the European Commission.

Postgraduate training - **Low voltage installations - Design and exploitation** - September 6 and October 11, 2018 – Zwijnaarde

The dimensioning of industrial electrical installations is a complex process. Not only a continuous change in technology and exploitation, but also evolving regulations make it a necessity as a designer and / or operator to master and refine the required knowledge. For more information, click [here](#).

Stakeholder Workshop - Artificial Intelligence - Transforming Smart Cities - September 18, 2018

Artificial Intelligence (AI) will play a vital role in the transformation of future Smart Cities. However companies are still understanding which technologies are performing what types of tasks and the strengths and limitations of each.

The next step for Smart Cities would be for AI technologies to systematically evaluate needs and capabilities to identify opportunities for more efficient public services and better use of resources.

White Paper on Test methods for improved battery cell understanding

Test methods on battery cell performance, ageing effects and safety aspects. Comparison with tests in standards are given. The methods have been optimised for using the results in modelling and application design. This document is an outcome of the projects Spicy, eCaiman and FiveVB.

Forthcoming CEN/CENELEC Webinars 10-10

* Inclusiveness of the standardization system – How to ensure that all stakeholders are represented - June 11, 2018

For more information and registration, click [here](#).

* Environmental aspects in standardization - September 10, 2018

For more information and registration, click [here](#).

The seconded European Standardization Experts in India (SESEI), Mr Dinesh CHAND SHARMA, has shared the latest newsletter.

The **SESEI newsletter** provide you with the latest developments in India on topics covering the following priority sectors:

- * Automotive, connected cars and ITS
- * Electrical equipment (Smart Grid/Smart Meter, etc.) including Consumer Electronics
- * Information and Communication Technologies (ICT)
- * Smart Cities
- * EU-India Trade/FTA/ Investments

* Manufacturing/Make in India

IEC Academy - Providing high quality training, offering webinars, eLearning, regional and national workshops to the global IEC community

Forthcoming CEB-BEC Meetings:

CEB-BEC 23B - Plugs, socket-outlets and switches - June 11, 2018

CEB-BEC 81 - Lightning protection - June 18, 2018

CEB-BEC 34 - Lamps and related equipment - June 22, 2018

CEB-BEC 20 - Electric cables - June 29, 2018

CEB-BEC JTC 10 - Energy-related products - Material Efficiency Aspects for Ecodesign - July 10 and 11, 2018

CEB-BEC 62 - Electrical equipment in medical practice - August 27, 2018

CEB-BEC 48 - Electromechanical components and mechanical structures for electronic equipment - August 30, 2018

CEB-BEC 116 - Safety of motor-operated electric tools - September 5, 2018

CEB-BEC 29 - Electroacoustics - September 5, 2018

CEB-BEC 38 - Instrument transformers - September 7, 2018

CEB-BEC 14 - Power transformers - September 11, 2018

CEB-BEC 10 - Fluids for electrotechnical applications - September 12, 2018

CEB-BEC 111 - Environment - September 24, 2018

CEB-BEC 65 - Industrial-process measurement, control and automation - September 24, 2018

CEB-BEC 34 - Lamps and related equipment - September 28, 2018

CEB-BEC 47 - Semiconductor devices - September 28, 2018
